To Whom It May Concern:

When Bill Cornier came to us, we didn't realize what we had been missing. . .the INTERNET!! We previously had a website that was adequate, but not really producing revenue. The new website and the internet traffic, since Track Your Advertising took over, is really paying off. Track Your Advertising built us a great site and started advertising us on Google. It was nothing short PHENOMINAL!! We are now receiving an average of, over 100 calls a month and the sales keep coming in during these tough economic times.

The service from Bill Cornier and his staff is always prompt and helpful. Our site and the Google advertising exceeded our expectations and are producing results. I also have to add, that the cost is very reasonable.
